Subj: PART-15.ORG Wireless Internet Service Providers – Industry Award

Fr: Chairman Michael R. Anderson

To whom it may concern,

I am extremely gratified to issue the following citation issued for your continued support of the License Exempt Wireless Internet Service Providers Industry.

Marlon Schafer, to recognize outstanding contributions and commitment to the support and integration of wireless technologies and equipment, whose outstanding professional contributions exemplify the License-Exempt Wireless Internet Service providers Industry.

Chairman's Comments - Marlon - "The Magician". He has the uncanny ability to look into his "magic bag" and come up with a good solution for just about any problem a WISP would encounter. His supportive nature, wide breath of wireless knowledge, and overall commitment to not only his customers but also all license-exempt enthusiasts far exceeds anyone I know.

Best Regards

Michael R. Anderson
Chairman
